

Special Africa Report

2/23/15

Vol. 1511

Gloria and I wanted to write a special note of thanks to you for the love and support you have shown Holly since 2013 when she moved to Africa to serve the Lord in Cameroon at the missions school there. We miss Holly very much as you can imagine but also marvel every day at the reports we get of the work she is doing, the doors the Lord has opened for her, and the lives that are impacted continuously by her efforts.

The first words I whispered to Holly when she was born and they placed her in my arms were, "Jesus loves you." When she was growing up I use to ask every anointed preacher we would meet around the world, as we traveled and evangelized, to pray for her. Their prayers were always that she would grow up knowing the love of the Lord and that she would serve him with all of her heart. I am confident that the special anointing God has given Holly is a result of those prayers. God has answered those prayers – clearly He has. Holly was always special. Gloria and I knew that. Our hearts are full because of her.

As you know, Holly never complains. I can't imagine what the conditions are like there in Cameroon and some of the outlying villages...but, she never complains. She tells funny stories but they are part of the adventure and fodder for the book I am sure she will write one day.

Holly will be coming home on furlough this summer. Gloria and I have organized the Rocky Hock Playhouse team of actors and singers to produce a (I predict) "fantastic in every way" concert for her benefit. You can read more about it in Holly's newsletter. [CLICK HERE: March Newsletter](#).

Gloria and I wanted you to know that we have slowly watched Holly's bank account dwindle over the past 18 months. The surplus she had when she left for Africa is now nearly gone after she purchased the \$2000 airline ticket so she can return home this summer to recharge her batteries before returning to Africa for another two year commitment.

We wanted to ask you sincerely and kindly, to consider an extra monetary gift for Holly this month or next. She is totally self-supporting and relies on contributions to her ministry to keep everything in balance. Her health insurance, evacuation insurance, rent, utilities, and food costs are fairly extraordinary and there has been a shortfall for many months which has slowly depleted her account. Holly knows nothing of us asking you for additional support. She did ask a while back if we thought she should give up her health insurance to save money....WE SAID NO. We are people of faith but THAT did not seem like a reasonable thing to do given the conditions in Cameroon and the risk she would take by not having insurance.
